

May 2011  
Media Release:  
**A Smarter Choice  
for Vehicle Safety**

**SmartBar** - a lighter, stronger, safer, greener and smarter alternative to impact resistant bull and nudge bars - now offers even more safety for Mitsubishi owners.

Specifically designed for the **Mitsubishi Triton (MY06+)** and **Challenger (MY09+)**, the latest model of the Vehicle Frontal Protection System blends seamlessly to the contours of the vehicle, available in black or white and maintains the intended aesthetics of the Mitsubishi design while providing unparalleled safety.

Product Specifications:

- Suitable for Mitsubishi Triton ML / MN (MY06+) and Challenger PB (MY09+)
- Triton GL, GLS, GLX, GLX-R, VR in single, club and double cab chassis variants and 4x4 and 4x2 configurations
- Challenger, Challenger LS and Challenger XLS
- Flared (SA142) and non flared (SA141) versions of SmartBar available for all Triton models.
- OEM Fog lamps can be transferred into the SmartBar if originally fitted to the vehicle (no additional brackets required)
- Accommodates OEM head light washers
- Supplied with one aerial mount as standard
- Light Weight SmartBar
  - Standard fitted weight of 23KG - Actual Weight of 25KG
- Compared to:
  - Nominal Alloy Bull Bar = 40KG
  - Nominal Steel Bull Bar = 60KG
- Weight savings provide improved fuel economy and reduced tyre wear when compared to Steel & Alloy alternatives and potential to save on expensive suspension upgrades.
- Spot light accessory brackets will suit the following lights - Hella Rallye Compact Series 4000 / Comet 450, Light Force 170 and IPF 800.
- This SmartBar meets full Australian Standards and exceeds the HIC (Head Injury Criteria) by producing a figure well below the Australian Standard rating of 1500, so pedestrians have a much higher probability of surviving an impact.
- Air Bag compatible
- Proudly Australian Owned, Designed and Manufactured
- Easily fitted
- Minimal repair costs after impact
- Manufactured from environmentally friendly recyclable polyethylene plastics
- UV stabilised for durability
- Available in Black and White (Special order custom colours)
- Styled to suit the vehicles lines and aesthetics

*The smart choice in vehicle safety.*
