

SMART  BAR

THE SMART CHOICE IN VEHICLE SAFETY

You've made a smart choice...

Product Benefits

Safety

- ▶ Airbag Compatible
- ▶ Protects the panels on the vehicle and essential engine components so there is less chance of vehicle immobilisation, saving you from being stranded out on the road
- ▶ SmartBar meets full Australian standards and exceeds the Australian Standard for HIC (Head Injury Criteria) rating so pedestrians have a much higher probability of surviving after an impact

Cost Savings

- ▶ Easily fitted without the need for suspension upgrades
- ▶ Save on fuel costs
- ▶ Less tyre and suspension wear
- ▶ May allow a winch to be fitted when axle loading is an issue
- ▶ Significant weight savings when compared with metal alternatives
- ▶ Minimal repair costs after impact

Aesthetics

- ▶ Advanced polymer construction and moulded designs maintain vehicle profile
- ▶ Range of colours available
- ▶ Chip and rust resistant material

Performance

- ▶ Outperforms all other Airbag compatible VFPS
- ▶ Returns to original shape without compromising the product after most impacts, meaning minimal repair costs
- ▶ UV stabilised for durability
- ▶ Manufactured from environmentally friendly recyclable polyethylene plastics

Limited Lifetime Warranty Conditions

ARB Corporation Ltd ABN 31006708756 trading as (SmartBar) of 36 Waddikee Road, Lonsdale, South Australia 5160 (Ph: 08 8384 0292), as manufacturer of the SmartBar, warrants that the SmartBar is free from defects in workmanship and materials for the life of the vehicle to which it is originally affixed. Any SmartBar considered to be defective should be returned to an authorised SmartBar dealer for inspection. Alternatively please contact SmartBar via the details set out above, or overleaf under the heading "Contact". The lifetime warranty applies to manufactured components made by SmartBar only and does not include driving lights, or indicators.

All claims must be accompanied by proof of purchase to be valid. This warranty covers only the cost of repairs or replacement of the defective product or part thereof, and the decision as to whether a defective product should be repaired or replaced remains solely at the discretion of SmartBar. This warranty does not cover the cost of removal, installation or any transport (including return of faulty products to SmartBar, and return of repaired or replaced products to purchasers), which cost must be borne by the purchaser.

Damage to nutserts due to lack of lubrication or over tightening of the bolts, accessories mounted to the SmartBar, damage or defects caused by collisions, alterations, improper installation, road hazards, adverse conditions or usage for any other purpose other than specified by SmartBar in the instructions which accompany the SmartBar are not covered by this warranty.

The benefits to the purchaser given by this warranty are in addition to any other rights and remedies of the purchaser under laws which apply to the SmartBar.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Congratulations on your purchase of a SmartBar.
Please retain your original receipt as proof of
purchase for any warranty related issues.

For Vehicles Equipped With SRS (Supplementary Restraint System) Airbag

When installed in accordance with the instructions, the frontal protection bar does not affect the operation of the SRS airbags.

Warning:

- Do not attach the SmartBar to the vehicle using anchorages not intended for this purpose.
- Do not use this product for any vehicle make or model, other than those specified by SmartBar .
- Do not remove the moulded label from the SmartBar.
- Do not modify the structure of the SmartBar or any components supplied by SmartBar in any way.

Note

Please retain all hardware until the installation is complete. In the event that any fitment difficulties are experienced contact SmartBar. Place all instructions, including this document, with the vehicle's manual after installation is complete. All wiring should be completed by a qualified auto electrician. SmartBar bears no responsibility for any electrical failure caused by the incorrect fitment of the lamps or wiring harness. We recommend the use of anti-seize on all threaded fittings.

General Maintenance Guide

SmartBar recommends cleaning your SmartBar at regular intervals or as required. For best appearance and protection, application of a silicon based product such as Armor All© is strongly recommended after cleaning.

Disclaimer

SmartBar will not be held responsible for any damage caused, when repairing your SmartBar. If you are not confident in the process contact a experienced plastic welder; SmartBars are sold as accessories and should not be considered as total protection for the vehicle or its occupants in the event of accident or collision; SmartBar reserves the right to modify product designs and/or specifications without notice; Only model specific products that have been certified "Airbag Compatible" by SmartBar should be installed on vehicles with these systems; The installation of a frontal protection bar on a vehicle equipped with crumple zones and/or SRS systems could alter the operation of these features - use only the specific bar for the intended vehicle; It is the responsibility of the purchaser/user to determine whether the SmartBar being purchased or used complies with local, state, federal or applicable laws.
